

## Sensory Wall Cascade

The Sensory Wall Cascade from Universal Fibre Optics offers a unique sensory experience which will captivate the mind and provide a soothing effect for many children and adults.

Unlike similar products, the UFO Sensory Wall Cascade has an inbuilt remote control LED light source with full colour change. This avoids the need for bulky and hot external units. We have also incorporated a unique cantilever mounting bracket, allowing for secure fixing and much more freedom in the positioning of the Cascade. Our Cascade system can easily be installed on walls, or above doors, and swung out ready for use. No other system offers so much flexibility.

The PMMA fibre used in this product has CPSIA and EN71 toy certifications. This means you can be sure you are buying a safe, rigorously tested product.

### CASCADE SPECIFICATIONS

|                       |   |
|-----------------------|---|
| Fibre Type            | 2.2mm diameter PMMA side sparkle                                      |
| No. of Fibre Tails    | SWC10: 90, all at 2 metre length<br>SWC12: 108, all at 2 metre length |
| Operating Environment | Indoor / dry  |
| Material              | Aluminium   |
| Finish                | White powdercoat  |
| Dimensions            | 52mm diameter. Either 1000 or 1200mm long                             |

### ELECTRICAL SPECIFICATIONS

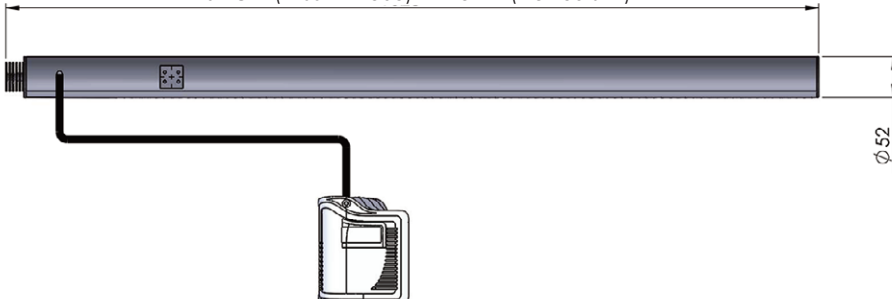

|                   |                           |
|-------------------|---------------------------|
| Supply Voltage    | 110-240V AC 50/60 Hz      |
| Power Supply      | External 12V PSU          |
| Power Consumption | 2-5W in colour cycle mode |

### DRIVER BOX SPECIFICATIONS

|                    |                          |
|--------------------|--------------------------|
| Material           | ABS                      |
| Finish             | White                    |
| Dimensions (LxWxH) | 137mm x 114mm x 73mm     |
| Cable Length       | 2 metre cable to cascade |

SWC10 (1000mm tube) - 1028mm (inc heatsink)  
SWC12 (1200mm tube) - 1228mm (inc heatsink)

## PRODUCT ORDERING CODES

| ODERING CODE | No. of Fibres                        | Tube Length               | Fibre Length | Light Source                                     |
|--------------|--------------------------------------|---------------------------|--------------|--|
| SWC10        | 90 tails of 2.2mm PMMA side sparkle  | 1 metre (exc. heatsink)   | 2 metres     | Integral LED with colour change & remote control |
| SWC12        | 108 tails of 2.2mm PMMA side sparkle | 1.2 metre (exc. heatsink) | 2 metres     | Integral LED with colour change & remote control |
